Personal Profile

‘An enthusiastic programmer with healthy curiosity for advancement in the tech ecosystem coupled with the ability to blend easily with new tools and languages’

With in-depth knowledge in some basic programming concepts like Object Oriented Programming (OOP) and specializes using JavaScript, I have proven ability working with some JavaScript Frameworks like React, Bootstrap, also CSS Pre-processors like LESS and SASS (Syntactically Awesome Style Sheets) among others.

Core Skills

- | | |
|--|---|
| <ul style="list-style-type: none"> • JavaScript. • React. • Bootstrap. • NodeJS. • Task Runners – Grunt and Gulp. | <ul style="list-style-type: none"> • MS-Office: Word, PowerPoint. • CSS Pre-processors – LESS. • CSS Pre-processors – SASS (Syntactically Awesome Style Sheets). |
|--|---|

Hard and Soft Skills

- | | |
|--|---|
| <ul style="list-style-type: none"> • Business Etiquette. • Critical Thinking. • Effective Communication. • Personal Effectiveness. | <ul style="list-style-type: none"> • Employability Skills. • Innovation • Emotional Intelligence and TeamWork. • Skillful with MS Word, PowerPoint. |
|--|---|

Educational Background

Hong Kong University of Science and Technology (Coursera)	Front-End Web UI Frameworks and Tools: Bootstrap 4	2020
Hong Kong University of Science and Technology (Coursera)	Front-End Web Development with React	2020
Hong Kong University of Science and Technology (Coursera)	Server Side Development with NodeJS Express and MongoDB	(In View)
John Hopkins University (Coursera)	HTML CSS and JavaScript for Web Development	2020
FreeCodeCamp	Responsive Web Design	2020
FreeCodeCamp	JavaScript Algorithms and Data Structures	2020
Jobberman	Jobberman Soft-Skills Training	2020
OpenClassroom	Learn Programming with JavaScript	2019
OpenClassroom	Build Your First Web Pages with HTML and CSS	2019
OpenClassroom	Think Like a Computer: The Logic of Programming	2019
Ladoke Akintola University of Technology (LAUTECH)	Chemistry Dept. Bachelor of Technology	
(B.Tech with honours)	Third Class	2012 – 2018
Paragon Group of Schools, Abeokuta	SSCE	2003 - 2009
Malomo Nursery and Primary School, Abule Egba	FSLC	1998 – 2003

Work Experience

Pan African Institute for Global Affairs and Strategy (PAIGAS)

PAIGAS Ambassador: 2019 – 2020.

Undertook several sensitization campaigns against irregular migration in my place of primary assignment. Planning and mapping out strategies on ways to convince the indigenes on the danger of illegal routes e.g. Sahara Desert, as a means of leaving one's native country. Engaging in Community Development service once in a month and also carrying out several projects. For example, mounting a gigantic billboard on the main road in Dutse, visible to commuters, warning them against engaging in irregular migration.

Government Day Secondary School, Madobi.

Head of Chemistry Department: 2019 – 2020.

Drafting of lecture notes, assignment and setting of examination questions also the marking of the candidates' solutions to the questions. Preparing the final year students for the promotional external examinations like NECO and WAEC.

National Youth Service Corps (NYSC).

A corps member: 2019 – 2020.

West African Examinations Council (WAEC)

Examiner: 2019.

Marking of the candidates' Chemistry papers answer scripts in the year 2019 with other examiners.

Chemiron International Limited

Casual Worker: 2018.

We took the encapsulated product (blood tonic) from the Encapsulating room to the Blistering room. I then took the encapsulated product and blistered them. I check the deformed capsules from the Encapsulating room to separate them from being blistered. I also trimmed the leaflets of the blistered products to the right shape before moving them to another room where they will be neatly packed into cartons of various sizes.

Chemiron International Limited (Industrial Training)

Quality Assurance Personnel: 2015 – 2016.

I performed both qualitative and quantitative tests on the various raw materials used for production of blood tonic capsules as well as on the blistered capsules from the Blistering room to ascertain the accuracy of the various nutritional contents claimed before being sold out for consumption. We also perform various toxicological tests on the blistered products to make sure the products are safe for consumption.

Referees

Based on request.
